

## ANYTIME, ANYWHERE CLINICAL AND ADMINISTRATIVE SOLUTION

Greenway's PrimeMOBILE provides complete remote access of ambulatory and hospital-based patient data housed in our flagship EHR PrimeSUITE®. From tailoring rounds per patient to updating notes and viewing labs to coordinating charge capture and administrative functions, PrimeMOBILE provides two-way integration with patients and peers to streamline patient care and the financial health of your practice.

### Stay Connected to Your Office with PrimeMOBILE

- View schedules and hospital rounds lists
- Access patient data from PrimeSUITE and hospital clinical information systems
- Capture charges electronically
- Document data in charge notes
- Communicate easily with partners and staff
- View clinical documents and lab results

### Benefits for Your Practice

- **Save time** - Increase physician efficiency by placing patient information at their fingertips
- **Reduce costs** - Eliminate manual charge entry, thereby increasing the number of charges billed during rounds and accelerating billing cycle completion
- **Increase revenue** - Reduce the number of lost and missed charges by improving accuracy
- **Improve accuracy** - Eliminate errors related to paper-based charges and handwritten notes
- **Streamline workflow** - Instantly route captured charges and notes to PrimeSUITE for automated review and posting
- **Increase patient care and staff satisfaction** - Provide everyone - including physicians - access to information anytime, anywhere to improve decision-making
